Malaga, June 3. N. S.

BY a Veſſel lately come from *Ceuta* we have an Account, that the *Moors* have diſcontinued their Attacks againſt that place, a great part of their Army (conſiſting moſtly of Country People, who are under an Obligation of going when commanded, to the War) being returned home to gather in their Harveſt; and the Gariſon laying hold of this opportunity make frequent Sallies upon the Enemy, and with good ſucceſs. The Town has lately been ſupplied with a conſiderable quantity of Proviſions and Ammunition from *Cadiz*, and a Reinforcement of about 150 Horſe and 200 Foot was daily expected from the ſame place, where two Galleys with ſome Veſſels lay ready to carry them over. In the mean while *Oran* continues in a manner blocked up, a Detachement of the Enemy being encamped near that Fortreſs, which it's believed they will actually beſiege in a ſhort time; Accordingly the Gariſon is preparing for their Defence, and ſome Soldiers are marching towards *Cadiz*, who are forthwith to be tranſported thither, with Proviſions and Ammunition, and whatever elſe may be wanting to enable them to ſuſtain a Siege.

Rome, June 14. The Pope intended laſt Monday to have gone to *Netſuno*, to view the new Works he has ordered to be made at *Porto Anzo*, and had accordingly ordered his Guards and Servants to be ready, but it being repreſented to him, that Travelling this hot Weather would be very prejudicial to his Health, beſides, that things were not in a readineſs for his Reception there, he has put off this Journey for ſome time. The Count *d'Altamira*, Ambaſſador from *Spain*, is preparing to make his Publick Entry towards the latter end of this month, the Points of Ceremony in Diſpute between him and the Conſtable of *Colonna* being now adjuſted; and in a ſhort time after he will perform the Annual Ceremony of paying Homage to the Pope for the Kingdom of *Naples* in the uſual manner. We hear from *Naples*, that the Mount *Veſuvius* has lately thrown out very great quantities of burning Bituminous Matter, together with abundance of Aſhes and Stones, which has done great damage to the Country thereabouts, and that an Earthquake has happened at the City of *Catana* in *Sicily*, which threw down ſeveral Houſes.

Milan, June 18. The Prince of *Vaudemont*, our Governor, has communicated to the Senate his Commiſſion from the King of *Spain*, and has ſince publiſhed an Order for continuing all Perſons in their Offices and Employments, and confirming all Orders made by his Predeceſſor. He gave Audience laſt week to the Count *de Maffei*, Envoy from the Duke of *Savoy*, who has ſince had his Audience of Leave, and is on his departure home.

We hear from *Turin*, that the Duke of *Savoy* has been lately at *Vercell*, to view the Arſenal and Fortifications of that place, and afterwards went to *Nice*, to give Directions for the new Fortifications he deſigns ſhall be made there.

Madrid, June 19. The King of *Spain* returned hither with the Queen on the 12th Inſtant from *Toledo* in very good Health. He has made the Marquis *de Villa Franca* Preſident of the Council for the *Indies*. The Marquis *de Villadarias* is gone hence to his Govetnment of *Ceuta*, which place has been lately ſupplied with Men and Proviſions. By an Expreſs from *Cadiz* we have Advice, that the *Patache*, one of the Galeons that were miſſing, is come in there, and brings an Account, That at their Sailing from the *Havana*, the Amirante or Vice-Admiral, was ſeparated in a Miſt from the reſt of the Fleet, and a few hours after by the careleſneſs of the Pilot ſtruck on a Sand about 7 miles from the Port, where the Ship was loſt, but the Gold and Silver and all the Merchandizes on board were ſaved, and carried to the *Havana*; and theſe Effects are expected home with the Ships that were to paſs by the *Havana* towards the end of *April* in their return to *Europe*. There are 9 Galeons arrived at *Cadiz*, and two Ships of the Flota are ſtill wanting.

Warſaw, June 24. The King gave laſt Sunday a great Entertainment to the Cardinal Primate, the Popes Nuncio's, and ſeveral Biſhops and Senators, and on this Occaſion endeavoured to reconcile the Primate and the Biſhop of *Cujavia*; but the Cardinal ſtill inſiſting, That it ſhould be referred to the next General Dyet to determine whether any Biſhop, but the Primate alone, may proclaim a King, and conſequently whether the Biſhop of *Cujavia* had not at the laſt Election acted contrary to the Fundamental Laws of the Kingdom, the King thought fit to put off this Affair till ſuch time as the Cardinal may be brought to a better Temper, ſo that all thoughts of Buſineſs were laid aſide, and the day ended with ſeveral Diverſions. General *Sapieha* has had Audience of the King, by whom he was very well received, and it is hoped the Differences between him and the Sieur *Oginsky*, which has been the occaſion of ſo much Trouble in the Dutchy of *Lithuania*, may ſhortly be adjuſted. The Preparations for the War go on, and the King's Servants and Equipages are ordered to be going by the latter end of this month to *Lemberg*, where great Preparations are making by the Magiſtrates againſt his Majeſties arrival there, which may be about the middle of the next month; and in the mean time the Biſhop of *Ruab* is expected from *Saxony* with a conſiderable Supply of Money for the King's Service. The Sieur *Gomolinski*, who is appointed by the King to Treat in conjunction with the Miniſters of the Emperor and Republick of *Venice*, of a Peace with the Turks, is gone to *Vienna*, and it's ſaid he has Orders to demand
